Nuclear Reactors, Materials, and Waste Sector

1. *February 24, Lansdale Reporter* – (Pennsylvania) **Valve leak shuts down Limerick nuke plant.** One of two reactors at Exelon Nuclear’s Limerick Generating Station experienced an abrupt “hot shut-down” February 23 when a leak in a nitrogen supply line caused an unexpected closure of one of the main steam isolation valves, sending steam to the unit’s electrical generator. The U.S. Nuclear Regulatory Commission was notified of the unplanned scram, and officials stated that the plant’s second reactor and the power grid remain stable while the reactor idles until it is place back into service. 5. *February 25, KPHO 5 Phoenix* – (Arizona) **Victim identified in fatal US 60 crash in Mesa.** A 3-vehicle accident that caused 1 fatality closed westbound lanes of U.S. Highway 60 in Mesa for nearly 3 hours February 24.
Source: <http://www.kpho.com/story/28186363/woman-killed-in-crash-on-us-60-in-mesa>
6. *February 24, Warren Reporter* – (New Jersey) **Truck carrying 65,000 gallons of milk overturns on I-80 causing closure.** A semi-truck hauling an estimated 65,000 gallons of milk overturned and spilled milk onto Interstate 80 in Hope Township February 24 closing eastbound lanes on and off for more than 4 hours while crews cleared the scene. The cause of the accident remains under investigation.
Source: http://www.nj.com/warrenreporter/index.ssf/2015/02/truck_carrying_65000_gallons_o.html
7. *February 24, WTKR 3 Norfolk* – (Virginia) **Several crashes reported as snow blankets Hampton Roads again; Hampton reports 50 accidents.** Police in Hampton responded to 50 accidents, with 7 involving injuries, while Virginia State Troopers responded to 174 traffic crashes that included 14 injuries in the Chesapeake area due to snow and icy conditions on the roadways February 24.

Source: <http://wtkr.com/2015/02/24/several-crashes-reported-as-snow-blankets-hampton-roads-again/>

8. *February 24, KMGH 7 Denver* – (Colorado) **Rockslide on Highway 6 in Clear Creek Canyon; 1 motorist hurt.** A portion of U.S. 6 in Clear Creek Canyon was closed for 3 hours due to a rockslide that left at least 1 driver injured February 24. Crews responded to the scene and removed the rocks from the road.

Government Facilities Sector

15. *February 25, CNN* – (National) **Groan with the wind: The south gets hit with another winter storm.** State government offices in 50 northern Georgia counties were closed and a state of emergency was declared, as well as in Alabama and Tennessee due to a winter storm that also prompted schools across southern U.S. States to close February 25. Approximately 1,330 flights in and out of the U.S. were also canceled due to the impending storm.
Source: <http://www.cnn.com/2015/02/25/us/winter-weather/index.html>

16. *February 25, WFMZ 69 Allentown* – (Pennsylvania) **Fire closes Cleveland Elementary School in Allentown again Wednesday; community meeting set.** A February 24 fire at Cleveland Elementary School in Allentown prompted the school's closure February 25 after a hallway and surrounding rooms suffered significant smoke damage. Fire officials believe the blaze was accidental and likely caused by an electrical issue that began in a teacher preparation room.
Source: <http://www.wfmz.com/news/news-regional-lehighvalley/fire-at-cleveland-elementary-school/31442874>
17. *February 25, Florence TimesDaily* – (Alabama) **Lauderdale DHR, courthouse closed today; Lawrence offices closed.** All Lawrence County, Alabama government offices along with the Lauderdale County courthouse and the Lauderdale County Department of Human Resources were closed February 25.
Source: http://www.timesdaily.com/news/local/lauderdale-courthouse-closed-today/article_29a4d160-bce9-11e4-be35-ef83167e9273.html
18. *February 25, South Jersey Times* – (New Jersey) **Charges filed in Woodbury city hall theft after former tax clerk turns self in.** A former tax and utilities clerk for the city of Woodbury was charged February 24 for allegedly stealing \$50,000 in cash from city hall. Woodbury Police reported that the thefts dated back to 2013 and that the city has made several changes to internal policies at city hall.
Source: http://www.nj.com/gloucester-county/index.ssf/2015/02/charges_filed_in_woodbury_city_hall_theft_after_fo.html
19. *February 24, WFMZ 69 Allentown* – (Pennsylvania) **Evacuation ordered during fire at detention center.** The U.S. Immigration and Customs Enforcement facility in Bern Township was evacuated and families were relocated due to a February 24 fire that was caused by an overheated, aging elevator belt. The building was aired out for several hours due to the heavy smoke from the fire.

[\[Return to top\]](#)

Information Technology Sector

21. *February 25, Securityweek* – (International) **Mozilla fixes 17 vulnerabilities in Firefox 36.** Mozilla released version 36 of its Firefox browser closing 17 vulnerabilities and flaws, including 4 rated as critical.
Source: <http://news.softpedia.com/news/Firefox-36-Fixes-Long-List-of-Security-Bugs-474150.shtml>
22. *February 25, Help Net Security* – (International) **New DDoS attack and tools use Google Maps plugin as proxy.** PLXsert security researchers discovered that attackers are exploiting a known vulnerability in Joomla's Google Maps plugin by spoofing the sources of requests, causing results to be sent from proxies to their denial of service (DDoS) targets. Researchers identified more than 150,000 potential Joomla reflectors on the internet, many of which remain vulnerable to be used for this type of attack.
Source: <http://www.net-security.org/secworld.php?id=18002>
23. *February 25, Threatpost* – (International) **Ramnit botnet shut down.** Europol Cybercrime Centre (EC3) investigators, Microsoft, AnubisNetworks, and Symantec carried out an operation to shut down the Ramnit botnet's 7 command and control (C&C) servers and redirected traffic from 300 domains used by the botnet. EC3 estimated that more than 3.2 million Windows computers have been infected with the botnet via spam campaigns, phishing scams, and drive-by downloads that installed malicious code to grant attackers access to banking credentials and other log-in information.
Source: <http://threatpost.com/ramnit-botnet-shut-down/111254>
24. *February 24, Securityweek* – (International) **McAfee: Popular mobile apps remain vulnerable to MitM flaws found last year.** Intel Security's McAfee Labs reported that almost 75 percent of the most popular mobile apps found vulnerable to man-in-the-middle (MitM) attacks remain exposed to attacks since they were first identified in a September 2014 analysis by the Computer Emergency Response Team (CERT) at Carnegie Mellon University.
